

# Angel Prayers for Your Animal

- As an experienced psychic and animal lover/communicator, I routinely call on many spiritual entities for their help and guidance. And this especially comes into play with animals. Because we want to do everything we can to keep our “four-leggeds” healthy, happy and with us for as long as possible.
- While I’m not particularly religious in the traditional sense, and I don’t believe that prayer alone does the trick, I’ve had enough experience to know that heartfelt prayer/thoughts (as a Directed Energy, if nothing else) certainly boosts the results of practical action ( like proper vet care).
- These are among my favorite go-to prayers/entities to call on to help our pets when they most need it.
- To start, here’s a great “all purpose” prayer: “[Pet name], may you be **blessed in the name of the one who created you, and may you [and human’s name] enjoy life together and care for one another in peace.**”

# St. Francis

- You've probably heard of St. Francis of Assisi. He is well-known as the Patron Saint of creatures. I have a beautiful picture of him in my office, one showing him surrounded by birds, deer, squirrels and other wildlife.
- This is a lovely, all-purpose prayer invoking his energy (again, you don't have to be Catholic or religious to use these words): **"Good St. Francis, you loved all of God's creatures. To you they were your brothers and sisters. Help us to follow your example of treating every living thing with kindness. St. Francis, Patron Saint of animals, watch over my pet and keep my companion safe and healthy. Amen."**

# For A Sick Pet

- Here are some other prayers if your fur-kid is under the weather (*and please remember, veterinary care should always be your first call*).
- “Heavenly Father, you created all things for your glory and made us stewards of this creature. If it is your will, restore it to health and strength. Blessed are you, Lord God, and holy is your name forever and ever. Amen.”
- “God of the universe, be present with this creature. Bless [name of animal] and [name of human companion], who cares for him/her, now and always. Amen.”

# Another Prayer For When A Pet Is Sick

- Again, prayer alone is *no substitute for regular, proper veterinary care*. But the energy of this prayer boosts your efforts when the fur-kid is under the weather:
- “Archangel Raphael, please send your healing power to [PET NAME]. Let them feel your love and care positively impacting their body. Thank you.”

# Archangels and Your Pet

- **Archangels** are another source of animal help. Angels have never been human, but they understand what we go through here on the Earth plane. They are especially close to the God-source, so I'm a big fan of invoking them for all kinds of assistance (especially when it comes to the critters).
- There are numerous classes of angels (like in the military). The Archangels are right up there, and among them, Archangel Raphael is the one to call on for animals.

- For General Protection: “Archangel Raphael, please watch over my pet [INSERT NAME] and always keep him/her safe. Thank you.” [You could also write this on the inside of their collar.]
- For an animal in need: “Lord God, you have made the heavens and earth in your great power. You created all things for your glory, yet there are those in your Creation who languish in pain and suffering. Please look kindly upon those animals in need, in the wild, the street, in captivity or elsewhere. Deliver those who are hurt, abused, hungry or forgotten. Grant that they may be treated with the care and respect all your Creation deserves. In the name of Jesus, amen.”

# Helpful Angel Trick

- I recently did a reading for a neighbor who was fretting over a pregnant cat hanging around her yard. She'd had zero luck in trapping her and was super-worried. I told her about letting Archangel Raphael take over. She emailed me a couple of days later, saying she'd written out a plea to him to help and taped it to the cat trap. After weeks of disappointment, the cat walked into the trap 10 minutes later. She then taped her note inside the bathroom where Mama Kitty gave birth the next day to several healthy babies. The angels ROCK!

# When A Pet Goes Missing..

- This happened to me, and it is the absolute *worst* experience. I prayed these prayers *incessantly*, and after 3 agonizing weeks, plus a lot of flyers and social media, my cat was found!
- “Archangel Raphael, my beloved pet is lost. Keep him/her safe, and help bring him/her back to me soon and unharmed. Thank you.”
- “Father, we ask you to help us find (insert name), our dear pet who is now lost. We know that you placed animals on earth for many reasons, including companionship for man. We therefore ask you to help us find our lost pet, and pray that you will keep him/her safe until she is found. We join our prayers with St. Francis, St. Anthony [patron saint regarding lost items] and all the saints, and we pray in the name of Jesus, amen.”

# Bonus Gypsy Protection Trick

- I stumbled across this neat pet protection trick, courtesy of the Roma, who are well-known animal lovers. Here's how it works:
- Choose a collar for your pet, preferably one that's leather (don't ask me why).
- Think about how much you love them, and while doing so, take a marker and write an "X" on the inside of it. Put the collar on them.
- According to gypsy folk magic, this will keep your pet safe from harm. (But don't be an idiot. Get them microchipped, keep their vaccinations up to date and don't let them wander into traffic...)

# When A Pet Is Leaving...

- Losing your pet to the death process is agonizing. Here's a prayer to ease the transition over the Rainbow Bridge (and please know that you WILL see them again...)
- “Archangel Raphael, please guide [NAME] safely and easily as they cross over into spirit. Let them know how much they have been loved, and that they will never be forgotten. And help me/my family feel your loving, healing energy as we grieve this loss. Thank you.”

# When You've Lost A Pet...

- A lovely prayer when you're burying or otherwise saying goodbye to a beloved animal:
- “Eternal Spirit, we bring you our grief over the loss of [pet name]. We bring you our thanks for [pet name] who lived among us and gave freely of their love. We commit our friend into your loving hands. Let us see how your love embraces all creatures and how every living thing speaks to us of your love. Amen.”

- Our animals are super-spiritual beings, (sadly) not meant to outlive us. They enter our lives to bring us joy, comfort, unconditional love and various challenges.
- Their presence naturally helps us grow. That doesn't mean that "growth" is ever easy. Call on these prayers to deepen your bond with your pet, whether they're still with us or if they've crossed over.

- This prayer may prove helpful as you grieve and try to get past the pain of loss:
- “We bring you all our thanks for [Pet Name] who we were blessed to have as our precious pet. She/He gave so freely of his/her love to all those she/he’d meet. We commit our beloved pet and companion into your loving hands. Surround us with your love and give us others to support us as we mourn.”

- I have had enough experience to know that even when our pets have left us, they continue to interact with us. Our relationships with them are THAT special. So please don't doubt yourself if you think you've had an "experience" – hearing, smelling, seeing them out of the corner of your eye. It's not an illusion!
- I wrote a book about the subject called "Your Pet Has Died. Now What?"
